

Bleep bleep without the blah blah

Professional, dynamic and hands-on, that is ITP Caribbean. With our IT services we are a strategic partner in business for our clients. We know everything about automation, software development and network management. We optimize the processes of companies in Aruba and beyond with smart, innovative IT solutions. As a DECOS Implementation Partner, we often work with Decos: an efficient document management system. Due to the growing demand for this product and new innovative solutions, we are looking to strengthen our team!

ICT Consultant (m/v)

JOB DESCRIPTION

You don't have to be an experienced IT professional. On the contrary, we are looking for an enthusiastic young professional with a strong affinity with IT, who would like to be trained! Are you eager to learn? And do you see a career in IT? Then get started with the best and nicest IT company in Aruba. You start with a training program. In 3 months, we will teach you all the ins and outs of DECOS. Then you get to work in practice. First supporting our experienced consultants, then independently. You support our customers with setting up and using DECOS solutions. You do this both remotely and at the customer. Every day is different! That is what makes your work as an IT Consultant so challenging. How much responsibility you get and how fast you grow is entirely up to you. We offer plenty of opportunities and opportunities at ITP Caribbean, you just have to grab them!

PROFILE

You like to look for solutions and can realize them. You are independent and you have a sense of responsibility and perseverance. You are used to working in a team. You work in a structured way based on standards, and you document your work. You are motivated and eager to learn.

REQUIREMENTS

- Completed training; at least HBO/bachelor
- Excellent communication skills; in Dutch and English
- Flexibility: you can quickly switch between different tasks and clients
- Curiosity to learn; you are looking forward to the training program and go for the best result
- Solution-oriented; creative and inventive as you are you have a solution for everything
- Analytical skills: immediately you can see what the problem is

OFFERED

- Varied job in a dynamic company
- 3-month training course
- Good working atmosphere and nice colleagues
- Attractive working conditions
- Career opportunities in a challenging learning environment
