VACANCY 1ST LINE NETWORK/-SYSTEM ADMINISTRATOR (M/F)

JOB DESCRIPTION

As a Network Administrator / System Administrator at ITP Network Services, you're an integral part of our professional team. Your role involves handling network and system management tasks for ITP Caribbean's clients, utilizing state-of-the-art management software. Your responsibilities include performing maintenance, both remotely and on-site, for our customers. Additionally, you'll play a key role in system installations and providing valuable network and systems advice

PROFILE

You enjoy identifying and implementing solutions independently, demonstrating responsibility and perseverance. Collaborating within a team is second nature to you. Your work is characterized by a structured approach following established standards, and you diligently document your tasks. You possess proven expertise and a strong desire for continuous learning.

REQUIREMENT

- Demonstrable experience as a Network/System Administrator.
- Minimum MBO/HBO education.
- Practical knowledge of recent versions of Microsoft Windows servers\workstations.
- Certificates CompTia+ \ MS or other IT related are a plus.
- Good communication skills and willing to learn.
- In possession of a valid driver's license and own transport.

WHAT WE OFFER

This position provides an excellent entry point into the world of Network/-System Administration. We offer:

- Nice varied job
- Attractive salary
- Secondary employment conditions
- Pleasant working atmosphere
- Ample prospects for career advancement

40 hours p/w
