

JUNIOR ICT CONSULTANT

Are you a driven individual with a minimum of a Bachelor's degree, preferably in Business Administration or Public Administration, and eager to launch your career as an ICT Consultant? We have an exciting opportunity that could be the perfect fit for you!

* Responsibilities:

- Support senior consultants in analyzing client business processes and needs
- Assist in designing and configuring software solutions to match client requirements
- Help deliver user training and support, resolving issues as needed
- Collaborate with technical teams to ensure smooth solution setup and integration
- Contribute to clear documentation of implementations and configurations

* Requirements:

- You hold a bachelor's degree in Business or Public Administration (preferred).
- Passionate about technology and a career as an ICT Consultant.
- Possess Basic software knowledge and eager to specialize in application management.
- Have strong analytical, problem-solving, and communication skills.
- Team player with a proactive, growth-oriented mindset.

* Skills & Expertise:

- As a Junior ICT Consultant, you will undergo comprehensive training and receive mentorship from experienced consultants. We prioritize your growth and offer the necessary support to succeed in your role.

As a Junior ICT Consultant, you'll support software implementation and customization for clients, working closely with experienced consultants who will mentor and train you. You'll help gather client requirements and contribute to tailored solutions, gaining hands-on experience in a collaborative, growth-focused environment.
